

Circles: Area & Circumference · Grade 7

Name _____ Date _____ Score _____ / 6

01 Area of a circle with radius 20 cm (use $\pi \approx 3.14$) =

Answer: _____

02 Area of a circle with radius 3 cm (use $\pi \approx 3.14$) =

Answer: _____

03 Area of a circle with radius 21 cm (use $\pi \approx 3.14$) =

Answer: _____

04 Circumference of a circle with radius 13 cm (use $\pi \approx 3.14$) =

Answer: _____

05 Circumference of a circle with radius 1 cm (use $\pi \approx 3.14$) =

Answer: _____

06 Area of a circle with radius 22 cm (use $\pi \approx 3.14$) =

Answer: _____
