

Circles: Area & Circumference • Grade 8

Name _____ Date _____ Score _____ / 6

01 Circumference of a circle with radius 8 cm (use $\pi \approx 3.14$) =

Answer: _____

02 Area of a circle with radius 3 cm (use $\pi \approx 3.14$) =

Answer: _____

03 Area of a circle with radius 37 cm (use $\pi \approx 3.14$) =

Answer: _____

04 Area of a circle with radius 19 cm (use $\pi \approx 3.14$) =

Answer: _____

05 Area of a circle with radius 22 cm (use $\pi \approx 3.14$) =

Answer: _____

06 Circumference of a circle with radius 31 cm (use $\pi \approx 3.14$) =

Answer: _____
